@PenFed - I was one of the people affected by this. By pure dumb luck I had an 'extra' (that wasn't really extra) *\$10,000* in my account to cover *your* mistake. How are you planning to make this square with your soon-to-be ex-customers?

experiencing issues with some duplicate debit transactions. We apologize for the inconvenience and appreciate your patience as we work to resolve this.

Hearing that the CSR is going to "open a ticket" doesn't exactly instill a lot of confidence. Plus, we weren't proactively contacted to let us know there had been a problem. How many people won't notice for days?

In fairness, I just checked my account and the erroneous transaction has been reversed. So the problem has been resolved from that perspective.
